PROFILE

Motivated and detail-oriented web developer with experience in developing and customizing live projects. Proficient in HTML, CSS, PHP frameworks like Laravel and CodeIgniter, and JavaScript. Skilled in WordPress customization, including theme and plugin development, to deliver tailored, high-performance solutions. A quick learner committed to staying updated with emerging web trends and technologies. I aim to contribute to the organization's growth by leveraging my technical skills, creativity, and problem-solving abilities to deliver responsive and user-friendly websites, and me.

WORK EXPERIENCE

Crea8Web company

NOV 2024 - CURRENT

FULL STACK DEVELOPER

Worked on web applications using PHP (Laravel), HTML, CSS, Tailwind CSS, and AJAX. Built and customized multiple WordPress and Shopify websites. Developed and deployed Laravel projects, implemented APIs, and created a complex software while ensuring seamless performance and compatibility

SCRIPT FOREVER

Jan 2023 - Oct 2024

FULL STACK DEVELOPER

I have developed web applications using JavaScript, jQuery, and PHP (Laravel), with a strong focus on WordPress customization. I've worked on various Laravel projects, implemented APIs, and handled application deployment. Along the way, I resolved issues, ensured cross-platform compatibility, and collaborated with teams to deliver projects that met client requirements effectively.

THINKSBS COMPANY

July 2022- DEC 2023

PHP DEVELOPER

Developed and deployed web applications using JavaScript, jQuery, and PHP (CodeIgniter). Resolved compatibility and performance issues in live environments and collaborated with teams to meet project requirements. Also worked on debugging and problem-solving in Laravel and Core PHP

FREELANCER

2021 - CURRENT

FULL STACK DEVELOPER

Worked on freelancing projects involving API integration, Laravel and CodeIgniter development, PHP programming, front-end development using HTML and CSS, WordPress theme and plugin customization, and implementing dynamic functionalities with JavaScript, jQuery, and AJAX
